To Chairman Prozanski and Committee Members:

As US citizens and residents of Portland Oregon, We are requesting that you pass Bills #700 and #347 as they come before you. These are steps to bring some sanity and safety into our nation. These two bills take nothing away from people who have legitimately been trained and licensed to carry a gun. Those of us who do not want to carry or own guns deserve to feel safe when in public places.
Thank you.
