As a Marine Veteran I do not support any bill or law that infringes upon law abiding citizens rights. Shame on any elected official that votes for or supports this bill or any other bill that infringes upon the rights of U.S. citizens. How about you all get to work on real problems in Oregon, e.g. homelessness, excessive taxes, excessive government spending, government's inability to manage a budget, etc., etc.
With heart felt disgust for this bill,
Jeremy Ballard
