Date:	Thursday, January 30, 2020 8:34:58 AM

The provisions of this bill puts law abiding citizens of Oregon in jeopardy from home invasion.

There is absolutely no way a person could retrieve a firearm to defend his or her family in the time frame of a home break-in if they complied with the provision of this HB4005.

It is obvious that who ever drafted this bill has a vendetta against legal gun owners.

The net result of this bill jeopardizes lawful citizens, and enhances the activity of criminals
