The four Senate Bills named below would be, if passed into law, an infringement upon my constitutional rights, both State and Federal.

o Senate Bill 347 – takes away CHL holders' right to protect themselves on school grounds.
o Senate Bill 699 – takes away CHL holder's right to protect themselves in the state Capitol.
Senate Bill 700 – expands background checks to private sales, including fee, stores information for 5 years, doesn't fix gaping holes in current background check system.
o Senate Bill 796 – requires extensive, timed firing range test to get a CHL

My recommendation to all those who are involved with the committee action and/or the passage of these bills into law, decide against further action and/or voting for their passage.

Vote No on Senate Bills 347, 699,700 & 769

Respectfully submitted, Harry R. Ketchum, 5650 Cherry Heights Rd., The Dalles, OR 97058
