I humbly ask that the Senate Judiciary Committee NOT pass House Bill 2596.
I am a registered and frequent voter, as well as a great respecter of our democratic process.
Senators Roblin and Prozanski have my respect as fair Legislators who hold dear their charge.
I have known Arnie for nearly 20 years.
Dissent is the backbone of the American landscape. **There must always be room for it.**
There must be a place for all the voices with as level a playing field as possible.
And, yes, ALL the voices. The ones that are far too extreme on each end and everything in between.
We learn about each other. We learn about compromise.
Please do not pass HB 2596. Dissent is healthy. It is who we are.
And lastly, why do timber corporations want to sue and criminalize activists and free speech?

Thank you for your time and consideration,

D.J. King
