The Cascadia forest region is one of the last natural bastions on this planet. HB2595 would allow private entities to sue everyday hardworking, caring citizens for protecting the forest that is essential to their survival. This is a crime against democracy. I urge you and everyone working with you in the Oregon House Committee on the Judiciary to dismiss this bill as it is a threat to the preservation of our beautiful forests and a direct threat to our protesting rights, which is a major staple in our democratic system.

Thank you,
