Subject:	Macy Hubert Testimony: SB 5524 for April 10th Public Hearing
Date:	Thursday, April 06, 2017 8:12:13 PM

Hello,

This is my third term at Rogue Community College and I am so grateful to have the opportunity to receive the Oregon Promise. I have big goals for myself in school, and without the generous help from programs like the Oregon Promise I wouldn't be able to complete these goals. I believe that the program can create a strong generation of people who will do great things for our country. Before I knew that I qualified for the Oregon Promise, I wasn't even sure if going to college was a realistic option for me, yet the program is helping me make my dreams come true. Getting a solid education is incredibly important, and it gives people a sense of purpose in the world. Without a wonderful program like this, there would be many more lost souls in our state. Please continue to make the Oregon Promise an option for young students in our state.

Thank you.
