Please support HB 2269 to fund the critical work of Cleaner Air Oregon. If DEQ doesn't receive funding for this work, we know it will not happen, especially with the federal budget cuts we're facing. It makes no sense to go this far and not finish the job. Thank you for listening to the people not the profits!"

I worked on a DEQ board, and my life and job were threatened by industry. It seems they will stop at nothing to promote their commercial ends and to destroy the basics of life.
