Subject:	Reject HB207 and Start Over
Date:	Thursday, June 22, 2017 11:03:41 AM

HB2007 will empower developers to take a chain saw to Portland and all the state when a deft butter knife is what we need. This bill is being rammed down our throats and its an insult to a fair, open, informed, and intelligent bill to encourage affordability density in the right places, rather than helter-skelter across all neighborhoods without review or respect.
