Date: Friday, June 23, 2017 11:09:00 AM

Dear Legislators,

HB 2007 is a neighborhood, natural habitat destroying bill sponsored by 1,000 Friends of Oregon, who are themselves sponsored by home builders and others who profit from the destruction of neighborhoods. This would lead to a city devoid of the beautiful trees, bushes and gardens that have always characterized the city of Portland.

Please don't let this happen. Vote against HB 2007.
