Dear Joint Committee on Student Success Members:

Please make H.B. 3427 your top priority for this legislative session. We need lawmakers to rise above politics when it comes to fixing our broken education system. H.B. 3427 fully funds Measure 98 and is the education investment our students need.

Please vote yes on H.B. 3427 and urge your colleagues to vote for it too.

Thank you,
Maureen O'Neal
