Subject: SB91 - NO

PLEASE! Vote NO on the bill that forbids landlords from considering the criminal history of tenant applicants. I have low income housing, 800 sq foot homes, and I swear I'll sell every house I own if this law goes through. This law will have an extreme negative impact on the economic deprived neighborhood in SE/Outer SE Portland where all the low rents are at this time. Do you see them renting in SW million dollar homes?
