Please be sure that my opposition to any bills restricting our rights to state lands or our constitutional rights to bear arms are part of the public record.

We pay taxes to maintain our state lands, yet you want to restrict our uses of them. We have a constitutional right to bear arms, and again, you want to ban or restrict them.

I vote and I keep track of what the politicians, the ones whos paycheck comes from MY TAXES and how they vote.

Vote NO on any and all legislation that will take away our rights and freedoms.
