HIGHER EDUCATION GOVERNANCE

Ben Cannon March 8, 2013

THE NEW LANDSCAPE

Knowledge-Based Economy

40-40-20

STEAM

More & Higher-Cost Degrees

Access

Shifting Demographics

Rural Economy

Higher-Cost Degrees

Cost Pressures

Public Finances

Deferred Capital Expenditures

Higher-Cost Degrees

Shifting Resources

Declining Public

Tuition Pressures

Private Funding Opportunity

P-20 Integration

Technology

Cost/Quality Opportunity

CONCLUSIONS

Status Quo Inadequate

Public Investment

Delivery System

State Governance

Concepts for Structural Change

Local autonomy **Streamlining and Clarity Coordination and** Connections

Focus and accountability 3/8/20

State "Active Strategic Investment & Leadership"

Achievement Compacts

Schools "Education Providers"

DELIVERY SYSTEM

Local Autonomy

Existing Institutional Boards Maintained At Community Colleges

New Institutional Boards Created at Universities

Charters to Protect Public Mission

Postsecondary Current Delivery System

Postsecondary Future Delivery System

STATE GOVERNANCE

Streamlining and Clarity

From Four Boards to One

Clarity of Roles

Single Post-Secondary Agency

Free up Resources for Teaching and Learning

Coordination and Connections

CCs, Universities, and Financial Aid in Single Agency

"10-14" Connected via HECC and OEIB

OEIB Staff Intersects "Silos"

Focus Funding on Outcomes

Rational Resource Allocation

Explore New Funding Models

Focus Funding on Outcomes

A New Focus for Higher Education

A central point of state accountability for student <u>access</u>, <u>affordability</u>, and <u>outcomes</u>
