

Dear Senator Bates,

I'm writing you in regards to SB633. As a concerned citizen, I feel the agricultural decisions making process should be done at a local level. Especially when decisions need to be made that effect the health of community, such as GMO agriculture.

There are thousands in our county that are looking at you to stand up and speak for our rights. Please vote

NO on SB633

Thank you for your time and consideration,

Elise Higley
