42 “(7) Requests for standing and protests on the proposed final order shall be submitted within 45
43 days after publication of the notice of the proposed final order in the weekly notice published by the
44 department. Any person who asks to receive a copy of the department’s final order shall submit to
45 the department the fee required under ORS 536.050 (1)(p), unless the person has previously requested

1 copies and paid the required fee under ORS 537.150 (7), the person is a protestant and has paid the
2 fee required under ORS 536.050 (1)(j) or the person has standing and has paid the fee under ORS

22 tration.

23 “(3) A certificate of registration issued under this section may not be construed as a final de-

29 “**SECTION 7.** ORS 537.621, as amended by section 17, chapter 819, Oregon Laws 2009, is
30 amended to read:

31 “537.621. (1) Within 60 days after the Water Resources Department proceeds with the applica-
32 tion under ORS 537.620 (5), the department shall complete application review and issue a proposed
33 final order approving or denying the application or approving the application with modifications or
34 conditions. The department may request the applicant to provide additional information needed to
35 complete the review. If the department requests additional information, the request shall be specific
36 and shall be sent to the applicant by registered mail. The department shall specify a date by which
37 the information must be returned, which shall be not less than 10 days after the department mails
38 the request to the applicant. If the department does not receive the information or a request for a
39 time extension under ORS 537.627 by the date specified in the request, the department may reject
40 the application and may refund fees in accordance with ORS 536.050 [(3)(a)] **(4)(a)**. The time period
41 specified by the department in a request for additional information shall allow the department to
42 comply with the 60-day time limit established by this subsection.

43 “(2) In reviewing the application under subsection (1) of this section, the department shall de-
44 termine whether the proposed use will ensure the preservation of the public welfare, safety and
45 health as described in ORS 537.525. The department shall presume that a proposed use will ensure

1 the preservation of the public welfare, safety and health if the proposed use is allowed in the ap-
2 plicable basin program established pursuant to ORS 536.300 and 536.340 or given a preference under
3 ORS 536.310 (12), if water is available, if the proposed use will not injure other water rights and if
4 the proposed use complies with rules of the Water Resources Commission. This shall be a rebuttable
5 presumption and may be overcome by a preponderance of evidence that either:

6 “(a) One or more of the criteria for establishing the presumption are not satisfied; or

7 “(b) The proposed use would not ensure the preservation of the public welfare, safety and health
8 as demonstrated in comments, in a protest under subsection (7) of this section or in a finding of the
9 department that shows:

10 “(A) The specific aspect of the public welfare, safety and health under ORS 537.525 that would
11 be impaired or detrimentally affected; and

12 “(B) Specifically how the identified aspect of the public welfare, safety and health under ORS
13 537.525 would be impaired or be adversely affected.

14 “(3) The proposed final order shall cite findings of fact and conclusions of law and shall include
15 but need not be limited to:

16 “(a) Confirmation or modification of the preliminary determinations made in the initial review;

17 “(b) A brief statement that explains the criteria considered relevant to the decision, including
18 the applicable basin program and the compatibility of the proposed use with applicable land use
19 plans;

20 “(c) An assessment of water availability and the amount of water necessary for the proposed
21 use;

22 “(d) An assessment of whether the proposed use would result in injury to existing water rights;

23 “(e) An assessment of whether the proposed use would ensure the preservation of the public
24 welfare, safety and health as described in ORS 537.525;

25 “(f) A draft permit, including any proposed conditions, or a recommendation to deny the appli-
26 cation;

27 “(g) Whether the rebuttable presumption under subsection (2) of this section has been estab-
28 lished;

29 “(h) The date by which protests to the proposed final order must be received by the department;
30 and

31 “(i) The flow rate and duty of water allowed.

32 “(4) In establishing the flow rate and duty of water allowed, the department may consider a
33 general basin-wide standard, but first shall evaluate information submitted by the applicant to dem-
34 onstrate the need for a flow rate and duty higher than the general standard. If the applicant pro-
35 vides such information, the department shall authorize the requested rate and duty except upon
36 specific findings related to the application to support a determination that a lesser amount is
37 needed. If the applicant does not provide information to demonstrate the need for a flow rate and
38 duty higher than the general basin-wide standard, the department may apply the general standards
39 without specific findings related to the application.

40 “(5) The department shall mail copies of the proposed final order to the applicant and to persons
41 who have requested copies and paid the fee required under ORS 536.050 (1)(p). The department also
42 shall publish notice of the proposed final order by publication in the weekly notice published by the
43 department.

44 “(6) Any person who supports a proposed final order may request standing for purposes of par-
45 ticipating in any contested case proceeding on the proposed final order or for judicial review of a

1 final order. A request for standing shall be in writing and shall be accompanied by the fee estab-
2 lished under ORS 536.050 (1)(n).

3 “(7) Any person may submit a protest against a proposed final order. A protest shall be in
4 writing and shall include:

5 “(a) The name, address and telephone number of the protestant;

6 “(b) A description of the protestant’s interest in the proposed final order, and if the protestant
7 claims to represent the public interest, a precise statement of the public interest represented;

8 “(c) A detailed description of how the action proposed in the proposed final order would impair
9 or be detrimental to the protestant’s interest;

10 “(d) A detailed description of how the proposed final order is in error or deficient and how to
11 correct the alleged error or deficiency;

12 “(e) Any citation of legal authority supporting the protest, if known; and

13 “(f) *[For persons other than the applicant,]* The protest fee required under ORS 536.050.

14 “(8) Requests for standing and protests on the proposed final order shall be submitted within 45
15 days after publication of the notice of the proposed final order in the weekly notice published by the
16 department. Any person who asks to receive a copy of the department’s final order shall submit to
17 the department the fee required under ORS 536.050 (1)(p), unless the person has previously requested

19 fee required under ORS 536.050 (1)(j) or the person has standing and has paid the fee under ORS
20 536.050 (1)(n).

21 “(9) Within 60 days after the close of the period for receiving protests, the Water Resources
22 Director shall:

23 “(a) Issue a final order as provided under ORS 537.625 (1); or
