

PacificSource Community Solutions CCO's Central Oregon and Columbia River Gorge Regions

Presentation to the Senate Healthcare Committee February 9, 2015

CCO's Critical Components

Benefits and	One global	Metrics:
services are	budget that	standards for
integrated and	grows at a fixed	safe and
coordinated	rate	effective care

Local accountability for health and budget

Local flexibility

Source: OHA/Gov's Office

Unique Governance Structure

PacificSource Community Solutions

- CCO fiscal and legal entity
- Lead CCO operating entity
- Managed care and TPA functions
- Integration "hub"
- Ensure work plan carried out for beneficiaries
- Risk bearing entity
- CCO contract holder with state
- Contracts: downstream entities with core competencies

Central OR & Columbia Gorge Health Council

- Oversees CCO strategic and annual work plan
- CCO performance metrics
- Global budget framework
- "Shared savings" principles
- Transparency and accountability to community
- Dispute resolution among stakeholders

CCO Joint Management Agreement

Governance: DCO Engagement

Quality: New QIM – childhood sealants

Partnership Highlights:

- Children in DHS custody receiving dental assessment within 60 days
- New initiative between Advantage Dental and Rimrock Trails SUD facility
- Transformation Fund Initiatives

Governance: Engagement of mental and behavioral health stakeholders

Quality: QIM - SBIRT, Hospitalization F/U, Children and ADHD meds, Assessments for children in DHS custody, Depression

Screening, PCPCH enrollment

Partnership Highlights:

- Robust Network of Providers
- Emphasis on outpatient services
- Performance-based Contracts
- Use of Recovery Mentors/Peer Support Specialists
- Transformation Fund Initiatives

Challenges and Opportunities

- Adequate state-level data to support transformation efforts (i.e. sealants)
- Defining roles and responsibilities internal and external to CCO's
- Unchartered territory and complexity (i.e. rate-setting, integrating funding streams)
- CCO DNA Coordination and Partnerships
