Notes:

1. Stats compiled 01/13/2015 and 1/14/2015. There may be natural fluctuations in statistical totals due to workflow and timing of statistic compilation.
2. Unless otherwise stated, all Patient, Caregiver, Grower and growsites are unique.
 - “Unique” refers to the actual number of individuals in the role of caregiver or grower, or the actual number of addresses registered as growsite addresses. For example, one individual grower may grow for 3 patients. In unique statistic results, this grower would be counted one time despite growing for 3 patients. Unique statistics provide an idea of how many actual individual people or addresses are involved in a statistic.
 - “Non-unique” refers to the total numbers of individuals in the role as caregiver or grower, or the total number of registered growsite addresses. Using the example above, if one individual is growing for 3 patients, in non-unique statistic results this one individual would be counted 3 times. Non-unique provide statistical totals.
3. OMMP application fee types and current amounts are as follows:
 - “No Reduced Fee”: No reduced fee proof is submitted with the application. Fee is **\$200**.
 - “SNAP”: Acceptable Oregon Supplemental Nutrition Assistance Program proof is submitted with the application. Fee is **\$60**.
 - “OHP”: Acceptable Oregon Health Plan proof is submitted with the application. Fee is **\$50**.
 - “SSI”: Acceptable Supplemental Security Income proof is submitted with the application. Fee is **\$20**.
 - “VET”: Acceptable proof of either service connected compensation from the Veteran’s Administration (“VA”) base on a finding of 100% service connected disability or receipt of a needs-based pension from the VA as described in OAR 333-008-0020 is submitted with the application. Fee is **\$20**.
