Senator Steiner Hayward, Co-Chair Representative Smith, Co-Chair Ways & Means General Government Subcommittee 900 Court Street NE Salem, OR 97301

Dear Senator Steiner Hayward, Representative Smith, and the Ways & Means General Government Subcommittee;

Below, please find follow-up information as requested during the February 19, 2015 subcommittee meeting.

Co-chair Smith asked for a list of services DAS is providing for the University System.

The only fee-for-service assistance DAS is currently providing to the University System is the Geographical Information System (GEO). We have an interagency agreement with each of the universities that utilize this service.

In addition, the DAS Chief Financial Office and Business Services provide bonding and budget pass through service facilitation to the University System at no charge.

Senator Whitsett asked the impact to DAS' FTE level when the university system left the executive branch as a state agency.

Because we were not supplying the university system with services on a fee-for-Service basis, their separation from the executive branch had no impact on the demand for direct administrative support services from DAS. DAS also provides policy oversight for the entirety of the executive branch. The departure of OUS did not decrease the need for that oversight for the remainder of the executive branch and so had no impact on the policy side of DAS.

Representative Taylor asked for a list of which agencies are using DAS and which services.

Please see attached matrix that depicts current services (HR, payroll, accounting and help desk) provided to client agencies as well as historical data from 2013.

| Net biennial hours | 3,291 | less days noted above not physically present |

Representative Taylor asked if the price for use of fleet vehicles are subsidized. Michael wanted to confirm that insurance rates were calculated into catalog of rates for fleet vehicles.

Fleet rates are not subsidized.

Sincerely,

Michaelford
