Sample Contract #2 Summary:

In this Retail Installment Contract the buyer used her Subaru as a down payment. In the fall of 2013 she bought the 2006 Saturn Ion with 77k miles for \$13,250 but, with the cost of financing (\$17,493.40), will end up paying \$30,920 for this vehicle. She had no idea of the terms of this contract – when asked, she thought she had "the usual" term of 6 years.
