

**State Library
Humanities Collection Preservation Grant**

The General Government Subcommittee recommends that the Joint Committee on Ways and Means approve the submission of a \$6,000 federal grant application to the National Endowment for the Humanities for a Preservation Assistance Grant for Smaller Institutions.

The State Library will use the grant to purchase preservation supplies to move Oregon documents and Oregon History collections into acidic enclosures.

This competitive grant does not have any state matching funds requirement.

Your General Government Subcommittee recommends approval of the request.
