

This is mounted on the wall over my desk. I see it constantly. It's sad that the Oregon legislature is a living embodiment of what should be a 'tongue in cheek' colloquialism.

SB 941 is a poor solution in desperate search of a problem.

'Truths' and 'facts' do not support such measures. Only self-serving 'opinions' do.

Serve the people... not your 'opinions'.

Robert B. Beers

An Oregonian for Oregonians (not 'politicians')
