Good Afternoon,

Senate Bill 364 for the most part makes safer products available to Oregon Residents. It will directly harm 1000's of Oregon's sickest and most vunerable patients by including alcohol as a forbidden method of extraction for home use.

Rick Simpson Oil is safely produced at home and used by over 30% of the seriously ill OMMP patients in Oregon. It is a full extract remedy taken orally. For many it is the only way they can utilize Cannibas as they are too sick to smoke anything.

The following is a partial list of diseases successfully treated per Project CBD.org:

- <u>ADD/ADHD</u>
- Addiction
- <u>AIDS</u>
- <u>ALS</u>
- <u>Alzheimer's</u>
- Anorexia
- Antibiotic resistance
- <u>Anxiety</u>
- <u>Atherosclerosis</u>
- <u>Arthritis</u>
- Asthma
- <u>Autism</u>
- <u>Bipolar</u>
- <u>Cancer</u>
- Colitis/Crohn's
- <u>Depression</u>
- <u>Diabetes</u>
- Endocrine disorders
- Epilepsy/seizure
- Fibromyalgia
- <u>Glaucoma</u>
- <u>Heart disease</u>
- <u>Huntington's</u>
- Inflammation
- Irritable bowel
- Kidney disease
- <u>Liver disease</u>
- Metabolic syndrome
- <u>Migraine</u>
- <u>Mood disorders</u>
- Motion sickness
- <u>Multiple sclerosis</u>
- <u>Nausea</u>
- <u>Neurodegeneration</u>

- Neuropathic pain
- <u>Obesity</u>
- <u>OCD</u>
- Osteoporosis
- Parkinson's

The website projectcbd.org is one of the most comprehensive sources of research and best use information. The "Wikipedia of cannabis".

I have hyperlinked a letter from Tamara

And Robert Staples

<u>C:\Users\US\Downloads\Letter in support of alcohol as safe use.zip</u>

This group of over 300 registered voters like many other Oregonians emphatically endorses the use and safe home manufacture of Rick Simpson oil.

Hash Oil extraction using butane is responsible for over 96% of the fires and explosions caused in the state of Oregon and should be restricted to trained and licensed individuals in controlled environments.

Banning alcohol extraction for medical patients in Oregon is much like throwing the baby out with the bath water. Like the baby 1000's of our most venerable OMMP patients will be negatively and in many cases severely harmed

I therefore respectfully the committee to provide a exemption for the home extraction by OMMP patients of Rick Simpson Oil for personal use similar to the exemption for glycerin extracts.

Robert G. OMea
