HB 5031- Department of State Police

These are the answers to the questions asked on day one of OSP's presentation to the Joint Committee on Ways & Means, Sub-Committee on Public Safety.

Senator Steiner-Hayward

- 1) What are the fatal crash numbers from the last 3 years?
 - o DUII
 - o Distracted Driving
 - o Traffic Volume
- 2) What are the crash numbers from 2015 to 2016 during winter months?

Response:

1)

Fatal Crashes/Fatalities (Entire State):

2014 = 321 (crashes)/356 (fatalities)

2015 = 410 (crashes)/445 (fatalities)

*2016 = 444 (crashes)/492 (fatalities) – is only preliminary from ODOT as of 2/24/2017.

Vehicle Miles Traveled (State Owned Highways - Entire State):

2013 = 19,538,800,000

2014 = 19,781,900,000

2015 = 20,678,200,000

*2016 is unavailable from ODOT

DUII (OSP Only – as of 3/7/17):

2014 = 2,961

2015 = 3,137

2016 = 2,960

Distracted Driving (OSP only – as of 3/7/17):

2014 = 4,331

2015 = 3,979

2016 = 4,667

2)

Winter Month Crash Numbers (December – February):

	2015	2016	Monthly Grand Total
December	2,057	2,888	4,945
January	1,061	1,898	2,959
February	757	1,102	1,859
Crash Grand Total	3,875	5,888	9,763

***51.95% increase from 2015 to 2016 in number of crashes OSP Troopers were dispatched to during winter months (December, January, and February)**

Senator Frederick

- 1) What is the impact to the community and to OSP with the Pendleton Forensics Lab closure
- 2) What is the impact to the community and to OSP with the reduction of the Drug Enforcement Section?
- 3) I would like more information on SafeOregon.

Response:

1)

A) Impact of the Pendleton lab closure on community:

- a. Crime scene response to locations in eastern Oregon is likely to be delayed by as much as five hours (or potentially more during winter weather).
- b. Some forensic testing will be delayed by up to a week due to shipping time.
- c. Same-day “rush” testing of drugs will no longer be available.
- d. Local law enforcement agencies will bear evidence shipping cost to lab.
- e. Community will lose a convenient education and training resource for law enforcement.
- f. Community will lose several more family wage jobs.

B) Impact of Pendleton lab closure on OSP:

- g. Lab system will benefit from moving under-utilized supervisor position to an under-supervised lab.
- h. Processing efficiency will improve due to analysts working in an adequate facility.
- i. Lab will experience more analyst time-loss due to long travel times to and from eastern Oregon counties for testimony or training
- j. OSP lab personnel will lose the benefit of familiarity with eastern Oregon police agencies, and familiarity facilitates and improves our work.
- k. OSP will bear the cost of shipping evidence back to police agencies

- 2) The Oregon State Police (OSP) has 27 General Fund Drug Enforcement Section (DES) positions and the Governor’s Recommended Budget has identified a cost savings measure by eliminating 19 of the 27 positions. This reduction would also eliminate an additional 3 Other Funds DES positions. If this cost saving measure moves forward during the 2017-2019 Legislative session, the remaining 8 DES Detective positions would be focused internally for**

investigative purposes related to OSP drug investigations. The exact location where the 8 DES Detective positions would be located in Oregon has not been identified by the Department.

This cost saving measure would mean that OSP would no longer participate in any inter-agency Drug Enforcement Section Task Forces. The DES is comprised of detectives and sergeants assigned to 14 interagency drug teams located throughout Oregon. This reduction would eliminate OSP's participation on all of these drug teams. A number of these drug teams, especially in rural Oregon, provide a multi-county service. These drug teams are Oregon's only law enforcement resources dedicated to the detection, removal, and prevention of illegal drugs in local communities. Many rural sheriff offices and city police departments rely on OSP personnel to enable these teams to function. Consequently, the withdrawal of OSP may cause many of these drug teams to suspend operations. The following counties would be negatively impacted by the loss of OSP personnel: Coos, Curry, Josephine, Jackson, Klamath, Union, Umatilla, Morrow, Deschutes, Crook, Jefferson, Marion, Polk, Yamhill, Lincoln, Lane, Tillamook, and Clackamas.

- 3) Captain Bill Fugate provided Senator Fredericks with a presentation about SafeOregon.
 - a. Please see [Appendix D](#) for the SafeOregon PowerPoint presentation
 - b. As of 3/8/2017:
 - i. 187 individual schools have completed the sign-up process. (Some districts are not signing up together but having individual schools sign up as they want or are ready).
 - ii. 86 tips have been received

Senator Winters

- 1) What is the number of OSP assists to other law enforcement agencies – broken out by Counties/Cities?
- 2) What was the cost to OSP for the Portland Protests?

Response:

1)

2016 OSP Other Law Enforcement Agency Assists (by County):

*Please see [Appendix A](#) for the complete list of Agency Assists by county. Please note, the list pertains to the physical location of where the agency assist occurred.

2016 OSP Other Law Enforcement Agency Assists (by City):

*Please see [Appendix B](#) for the complete list of Agency Assists by city. Please note, the list pertains to the physical location of where the agency assist occurred.

2015 Crash Fatalities Statewide (by County):

*Please see [Appendix C](#) for the complete list of crash fatalities by county.

- 2) OSP spent \$62,000 in straight time, overtime, and related per diem costs on the November 2016 Presidential election protests in Portland. OSP spent \$51,000 in straight time, overtime, and related per diem costs on the January 2017 Presidential inauguration protests in Portland.

SAFEOREGON

Statewide School Safety Tip Line

February 22, 2017

Goal: School Safety Tip Line

Allow students, and other members of the public to use voice, text, phone, photos and videos to confidentially or anonymously transmit messages and information regarding potential harmful or criminal acts against students, school employees, or school property.

- Focus started with public schools PK-12
 - 570,857 students
 - 19 Education Services Districts
 - 211 School Districts
 - 1200+ schools
- Opening to *private* schools PK-12 now.

Role: Oregon State Police

- HB 4075 directed OSP to set-up and maintain a statewide school safety tip line.
 - Entered into a 5 year contract with vendor.
- Partner with WESD, and others, to make sure the tip line intersects with a threat assessment as necessary.
- Adopted Temporary Rules moving to Permanent Rules by June, 2017.

Guidance: Statewide Stakeholder Team

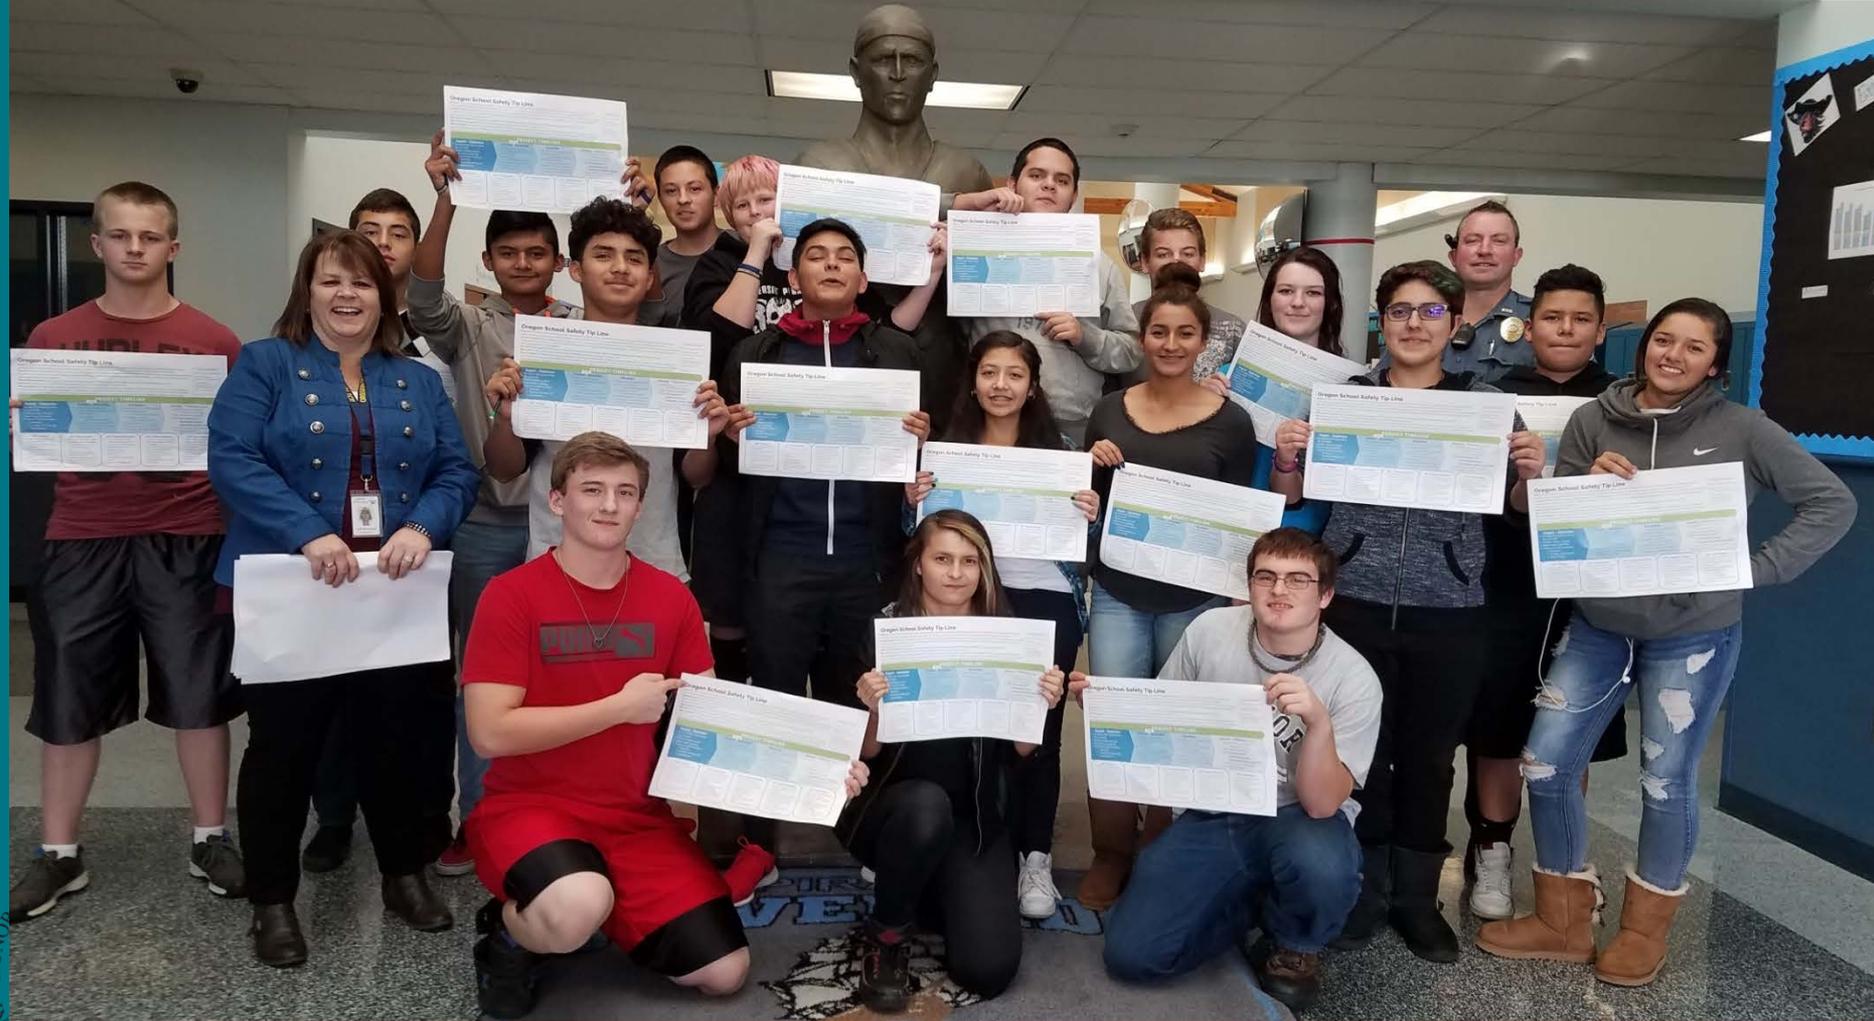

- Rules Advisory Committee
- Advocate for the community represented.
- Provide expertise, perspectives, and experience.
- Help improve communication and understanding across groups represented.
- Serve as a sounding board for user expectations and reactions.

Membership

- Student
- Parent
- Local, State, County Law Enforcement
- School District Superintendent
- Oregon Department of Education
- Education Service Districts
- Behavioral and Mental Health (County, State)
- School Administrator
- Partners – Oregon School Board Association
- Dispatch community

Partnerships: Riverside Jr./Sr. High School, Boardman Oregon

Sequential Interview Workflow for general reports

In addition to the questions who, what, where, why, when and how, Technicians should attempt to gain as much information as possible.

The Technician shall ask if the caller is alone or in immediate danger. If the caller is in immediate danger, emergency protocols shall be followed (refer to Emergency Calls starting on page 5).

When Law Enforcement is notified:

Tips are triaged and assessed for level of severity, timeliness, and assistance needed.

CRITICAL immediate or imminent threat of violence, potential self-harm, potential harm or criminal acts.

2 minute notification.

URGENT ongoing or past incidents of violence, self-harm, or criminal acts. High potential for occurring again.

10 minute notification.

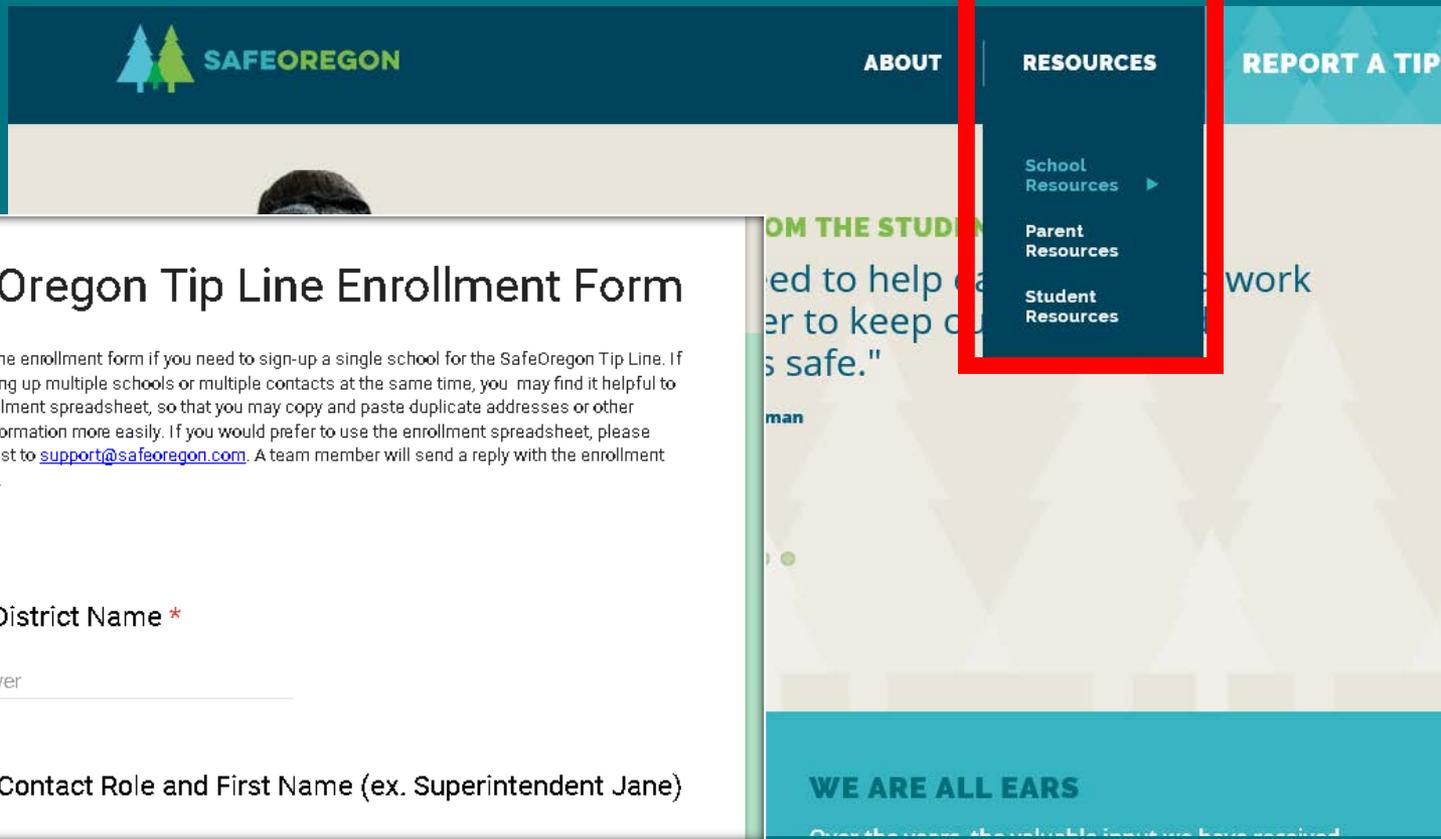

90%+

STANDARD peer to peer interactions that schools typically deal with (student arguments, school rule violations). 1 hour notification.

OTHER Tips that don't meet the criteria above.

Web Sign Up Form

Options for Multiple Sign Ups

SafeOregon Tip Line Enrollment Form

Use this online enrollment form if you need to sign-up a single school for the SafeOregon Tip Line. If you are signing up multiple schools or multiple contacts at the same time, you may find it helpful to use the enrollment spreadsheet, so that you may copy and paste duplicate addresses or other duplicate information more easily. If you would prefer to use the enrollment spreadsheet, please send a request to support@safeoregon.com. A team member will send a reply with the enrollment spreadsheet.

School Role and Responsibility

- Schools must sign up for students to use the system in your school.
- Schools designate a primary contact to work with SafeOregon, with secondary back-ups in case the primary is unavailable; all receive access to a dashboard.
 - More options available.
- Follow-up on tips and information received.
- Champion SafeOregon in your school.

Web Based Dashboard

- Back-end process
 - Record of all tips
 - Track follow-up on tips
 - Charts/data
- Toolkits
 - Marketing
 - How to launch to your school
 - Training
 - Best practice on response to tips

From a Principal of one School using SafeOregon today

“In the two weeks [...] since our launch of SafeOregon we received 20 reports, 18 have been legitimate including bullying [...], suicidal feelings, sexual harassment, and drug use. Action taken has ranged from consultation with law enforcement, suspensions, or counseling the student or group of students.

In one particular instance, a student reported a girl posting suicidal thoughts on social media. SafeOregon called school administration, and the police were involved. The girl was taken to the hospital for evaluation, potentially saving her life. Another student reported her friend was being bullied. [...] The victim came up to me later, gave me a hug and thanked me for protecting and supporting him.

During lunch, students can be heard casually talking about SafeOregon. [...] Students don't always have the maturity or support to navigate a situation alone. SafeOregon has provided our students the opportunity to feel safe so they can be ready to learn at high levels and be a contributing member of our school community.”
