Willamette Dental Group

Mental Health & Substance Use Plans

Clackamas County
Multnomah County
Washington County

Health Share Pathways

- Network of specialty mental health and substance use providers
- Managed by a partnership of the 3 counties
- Governed by an integrated steering committee with physical and behavioral health plan partners

Better Care via Pathways

Before	Now (with Health Share Pathways)
<ul style="list-style-type: none">• Administratively cumbersome for provider contracting• Three separate county-based provider networks limited member choice• System of care for members w/co-occurring conditions was bifurcated because of funding• Different payment arrangements and utilization management requirements was an administrative burden and an obstacle to transformation	<p>Centralized region-wide network for MH and SUD services with standardized:</p> <ul style="list-style-type: none">• Payment• Utilization management• Provider credentialing• Provider contracting <p>Mutualized risk for all behavioral health services across county partners (funding follows the member need)</p>

Health Share and the Tri-Counties

- Counties provide vital safety net services for the entire community
- OHP eligibility fluctuates, and many members receive county behavioral health services during times when they do not qualify for OHP
- Braiding OHP funding with County General funds facilitates a strong safety net that serves those with specialty behavioral health needs regardless of OHP eligibility

County / System Partnerships

- Criminal justice
- Peer-delivered services
- Culturally-specific services
- Housing and employment
- Department of Human Services
- Education and early learning

Pathways & Transformation

Building a collaborative system of care:

- Regionalization
- Centralization
- Standardization

Regionalization

Regionalized behavioral health plan functions:

- Budget
- Risk pool
- Provider network
- Collaborative decision-making

Centralization

Behavioral health plan functions centralized at Health Share:

- Provider contracting and credentialing
- Network management
- Up Next: Central compliance functions

Standardization

Behavioral health plan functions standardized across the three counties:

- Payment rates
- Utilization management guidelines
- Up Next: building and expanding alternative payment mechanisms

The Work Ahead

- Mismatch: workforce and member needs
- Provider payment inequality
- Integration and achieving a “no-wrong-door” system
- Long-term investment in prevention and early life health
 - *Suicide prevention*
 - *Opioid epidemic*
- Developing a community-based peer workforce
- Mental health “carve outs”
