Subject: Hello my name is Harmony Bartnik.....

I am a tenet who has been living in apartments since the early 90's never before have I seen such financial abuse on the part of Landlords. I am at a library writing this testimony...I could go on and on about how landlords they are really taking advantage of tenets, but I have little time. I think it's OK if landlords raise rents 20 or 25 dollars at a shot but 100, 200, 300, 400 and more. That's wrong that just is not right that they can do that to people. It effects children too, they have to be pulled out of their schools, they lose days falling behind in their grades.

It's just not right it's just not right.
