

**REVENUE IMPACT OF
PROPOSED LEGISLATION**
79th Oregon Legislative Assembly
2017 Regular Session
Legislative Revenue Office

Bill Number: HB 2198 - 31

Date: 5/23/2017

*Only Impacts on Original or Engrossed
Versions are Considered Official*

This office has reviewed the proposed legislation and determined that it has

Minimal Revenue Impact

Some of the work imposed by the bill will have the effect of increasing the participation of producers into the central cannabis control system. This will allow for the illicit supply to be less prevalent and the legal market to gain market share, however, it is not clear how all of these interactions will unfold. The number of plants and the limitation on security and monitoring might work on the other direction.
