RE: Support for HB 2745B
Chair Hass, Vice-Chair Boquist, and Members of the Committee:

I am writing today to urge you to support the bill currently before the legislature, HB 2745B, which will give voters in Central Oregon a choice on whether their areas should fund a public transit system.

At Oregon State University-Cascades, many of our students and employees rely on public transit as a means for reaching their classes, child care, and jobs. Giving our communities the chance to support public transit at both a localized and regional level will have an enormous economic impact across Central Oregon. By making it easier to ease congestion on our already-busy roads, this will also impact State dollars going toward road construction and maintenance.

HB 2745B offers a number of benefits to our Central Oregon Communities. It gives them local control -- each city can choose the appropriate level of service, funding amount, and tool for funding transit in their community. It maximizes efficiency, by retaining regional management for the transit system, minimizing costs and optimizing streamlined and convenient service. It drives economic development, helping local companies attract workers by giving employees a public transportation option that saves time and money. Some communities may choose to ask voters to support funding initiatives, and other communities may not be ready any time soon. Giving Central Oregon communities the option to seek transit funding from voters is important to our region.

We ask the Senate Finance and Revenue Committee to support the passage of HB 2745B this session. Thank you for giving local control of future transit initiatives into the hands of Central Oregon voters.

Sincerely,
Sara Q. Thompson
