

HB 2795
Relating to fees

HB 2795 changes identified court fees, and the percentage of court fee revenues that the Judicial Department retains for deposit into the State Court Technology Fund, from 4.75% to 8.85%.

The bill increases most court filing fees by approximately 5% over current levels. These changes will provide \$2.9 million in additional revenue to the Judicial Department to use for technology services. General Fund revenues from court filing fees are not adversely affected.

The Public Safety Subcommittee recommends HB 2795 be amended by the –A5 amendment and be reported out do pass, as amended.
