

I live in Senate District 22. I strongly oppose referral of the NPV question (SB 1512) to the voters. Bills supporting the NPCV have passed the House 4 times, and never received a proper hearing or vote in the state Senate, thanks to Senator Courtney. I understand that last full session, the pro-NPV side had the votes to pass the bill out of the Senate, but at the 11th hour, Senator Burdick and President Courtney held the bill captive in committee. WHY?

I want my vote to count. It is past time for this measure to be passed by the state legislature. Public support is there, folks. I don't want the Koch brothers and other outside money to influence what happens with this measure in Oregon.
