

it seems to me that the people that are pushing for Gun Control DO NOT REPRESENT the People, rather they represent their agenda as well as special interest groups. It doesn't matter what is said to combat this issue because they DO NOT give a "tinkers toot" about the laws of our land. Since this type of action is common and premeditated, in my opinion it seems like Organized Crime to me! As this type of degenerate slowly destroys this great nation and state its looking more and more clear to me that Russia is more free than Oregon. Protesting against further oppressive regulations in this state has become redundant! However, being a native son I do! NO MORE BACK DOOR GUN CONTROL!!! Mike Wilson
