

**REVENUE IMPACT OF
PROPOSED LEGISLATION**
79th Oregon Legislative Assembly
2018 Regular Session
Legislative Revenue Office

Bill Number: SB 1555 - A

Date: 2/25/2018

*Only Impacts on Original or Engrossed
Versions are Considered Official*

NOTICE OF NO REVENUE IMPACT

The Legislative Revenue Office has reviewed the proposed legislation and determined that: A portion of the retail marijuana tax revenues (20%) are allocated to the Oregon Health Authority (OHA) for use in alcohol and drug abuse prevention, early intervention and treatment. House Bill 5026 (2017 session) specified that \$16 million of these revenues be spent on community mental health services. Current statute directs marijuana tax revenues into the Mental Health Alcoholism and Drug Services Account, which can only allocate moneys for drug abuse prevention, early intervention and treatment services, and not community mental health services. Senate Bill 1555 A does not change the distributions or the revenue amounts, but enables the OHA to use a portion of the retail marijuana tax revenues on community mental health services. Thus, The Legislative Revenue Office determined that the proposed legislation has No Impact on state or local revenues as analyzed by this office.
