

Kate Brown built up bad karma with her involvement in the killing of LaVoy Finicum in 2016. It emboldened her it appears?

Finicum was killed in 2016, Kate signed the all out infanticide bill in 2017, this year in 2019 the killing of the mentally ill bill she signed.

God Lord and dear Lord what is she doing? Making Oregon the Killing Fields?

Kate's thought process, the patterns in her mind appear, in my opinion, by what she manifested through her bills and her actions, the killing of LaVoy, shows me, in my opinion, citizens from before birth, to birth to their last stages of life are not safe in Oregon under her so-called leadership.

The pattern of the corrupt, unfortunately, they tend replay their patterns.

Her move to use OSP was beyond the Pale with the killing of LaVoy; and now with the Oregon 11 including Boquist, he and the others were, indeed, wise to consider what happens when Kate calls out the OSP on you.

Boquist did not threaten. He asserted his right to be on his own property and not have his rights taken away, his rights guaranteed by the Constitution and Bill of Rights. There was no arrest warrant out for him.

That is all LaVoy Finicum did. LaVoy made a stand for his Constitutional rights, the Bill of Rights. There was no arrest warrant out for him.

There was no warrant out for LaVoy's arrest anymore than there was a warrant out for Boquist's arrest.

The Kate Brown pattern of death is pervasive in Oregon since LaVoy's killing in 2016, the passage of the infanticide law and now the law to starve mentally ill patients to death.

We got 1930s Germany going on here in Oregon (I'm half German also Irish, Scottish, French and Manx), lived in West Germany, my father an US Army intelligence officer who worked with CIA, I know German history from the 1830s up to now) and Kate wants to have a hearing on Boquist?

In Germany infanticide was first, killing children, then killing the disabled, then killing the mentally ill, putting those who objected away...experimenting on children which is now being done in public schools all across our nation.

But Kate wants you to focus on Brian Boquist?

Kate has no idea how many Democrats have left the Democrat Party, how many of us have had it with our party for decades. There was nowhere to go

with RINOs in the other party. I called Merkley to ask him if he cared whether or not we left the Democratic Party. His aide could not answer my question.

There are now Trump Democrats, Trump Independents, Trump Non-affiliated, Trump Progressives, Trump supporters who have never voted yet, in Oregon; Kate has no idea. Did she laugh at the killing of LaVoy like Hillary laughed at killing Bin Laden? Does Kate laugh at the killing of new born babies? Who is this woman?

There is, indeed, an undercurrent in Portland, Kate has blinders on about, I've watched it for years, folks quiet, folks afraid to speak, afraid their businesses will be vandalized. Heck, one woman I've known for 30 years who I thought was a Democrat, I found out last year she's a Republican.

Citizens being quiet so as to not get attacked, getting their cars damaged or their houses damaged as well as their bodies.

And Kate wants a hearing on Boquist.

I think a hearing on Kate Brown and Tina Kotek is more in order.
