

Letter in Support of House Bill 2092
House Health Care Committee
January 24, 2019

On behalf of the 1,700 physical therapist, physical therapist assistant and student members of the Oregon Physical Therapy Association (OPTA), the OPTA submits this letter in support of HB 2092.

The Oregon Physical Therapy Association supports HB 2092 because changing the name of the Oregon Physical Therapist Licensing Board to the Oregon Board of Physical Therapy better reflects the functions of the board and its charge to serve the public and regulate matters related to the practice of physical therapy.

Thank you for your consideration.

A handwritten signature in black ink, appearing to read "Chris Murphy".

Chris Murphy, PT
Chair, OPTA Government Affairs Committee
