Department of Administrative Services

Chief Operating Office

Chair Riley,

Senate Bill 53 came before the Senate Committee on Business and General Government (Committee) on January 22, 2019 for a public hearing. At the end of that public hearing, the Committee asked the Department of Administrative Services to provide input regarding any concerns of that measure we may have.

The Department of Administrative Services has no concerns with Senate Bill 53 and is supportive of providing the Department of Aviation the operational flexibility contained within that measure. We appreciate the ability to comment on the legislation.

Best,

Adam Crawford
Government Relations Director
