Systemic Trends

Ready for What?

- 4+ haven't gone away, but focus is on China and Russia as "near peers"
- China used to "*fear us and respect us*"...now they only "*respect*" us
- China Belt Road Initiative is seeing challenges, may have internal/external impacts
- Short term Russian military threat presents risks
- Vulnerability of Homeland to kinetic events is growing
- Growing threat areas: cyber and UAS

Strategic Priorities

1. Develop trained and ready forces for our State and Nation
 - a) Strength
 - b) Effective manning
 - c) Prepare yourself and your family to be self-sufficient during a major domestic disaster.

2. Stewardship of our resources
 - a) Know and model our core values
 - b) Empower and call on every Soldier, Airman, and Civilian to be a leader
 - c) Invest in the OMD community (co-workers, families), fostering a resilient culture of fairness, dignity, respect, and growth
 - d) Forge and maintain partnerships across our communities, state, and nation.

Why Oregon Needs a National Guard

*“Every Soldier, Airman and Civilian
a
Leader”*
