Dear Co-Chairs Wagner and Smith,

Thank you for the opportunity to present information on the Office of the State Chief Information Officer (OSCIO) Budget in your subcommittee Monday, February 4th. During our presentation, committee members asked several questions that required further analysis and explanation. Please find those requests and responses below.

1) What will be the savings once we switch our network over to Oregon Fiber Partnership?

2) Where are the 600 sites that we serve with our network?

The map shown above shows the locations we serve with our network but within those blue points we may have a large number of locations in that service area.

Attached is an excel spreadsheet that shows all locations that reside on our network.

Please let us know if additional follow up is desired or additional questions arise. Thank you.

Sincerely,

Terrence Woods
