

Hello,

My name is Ann Lackey. The Oregon Cultural Trust began in 1996 with the suggestions from my white paper, THE OREGON AGENDA. Thanks to the efforts of Roger Martin and the legislators following that election, the Oregon Cultural Trust was given its impressive architectural rendering and implemented by Oregonians. What a joy it's been for me to participate in its growth every year since its inception.

Please provide full support for extending the sunset for tax credit contributions to the Trust for the Cultural Development Account for 10 years. Could you also add a provision so folks like myself can broaden the offering by donating annuity type funds for grants to aspiring and need-based artists and cultural participants?.

In hard times this program has been an economic and psychological boon for Oregonians. Many thanks for your consideration.

Sincerely,

Ann Lackey
