Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see). All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.

Sent from my iPad. There should be no boating facility financial free ride based on a boat not having an engine. The boating public who use marine facilities should contribute financially to the marine infrastructure. I urge you to support SB47.
