Subject: Please vote YES on HB2314
Date: Saturday, February 16, 2019 9:42:21 AM

Greetings,

I respectfully ask that you strongly consider voting yes on HB2314. Is over congested as our roadways are I have counted on motorcycle commuting for years. It's cost-effective inefficient and it gets me outside.

I have been hit on the motorcycle twice by SUV drivers. The most terrifying thing on a motorcycle is not being seen or considered. I have ridden in traffic in California on vacation and I know that Lane sharing gives a motorcyclist more options to get out of the way of car traffic.

From my experiences I believe a vote of YES on HB2314 will help motorcyclists be seen, get out of the way of automotive traffic and stay safe.

I greatly appreciate your support!

James Lewis
