

I urge the Oregon Legislature to pass the most rigorous and ambitious version of the Clean Energy Jobs Bill 2020 including the Governor's Office Scenario 2 that maintains the 2035 goals for reduced carbon.

Greta Thunberg The Guardian:

“I think enough people have realised just how absurd the situation is. We are in the middle of the biggest crisis in human history and basically nothing is being done to prevent it. I think what we are seeing is the beginning of great changes and that is very hopeful,”

'The beginning of great change': Greta Thunberg hails school climate strikes

Jonathan Watts

The 16-year-old's lone protest last summer has morphed into a powerful global movement challenging politicians t...

Let Oregon be part of that change, once again being at the forefront, making policy that addresses the issues that profoundly impact the lives of Oregonians.

Thank you,

Heather Ikeler
