Please DO NOT pass HB2314. I am an Oregon resident, veteran, and police officer. My wife and I are both Motorcycle riders and we both agree that HB2314 poorly represents the interests of the majority of motorists in the state of Oregon. Although I AM an avid Motorcycle rider, as a law enforcement officer, I feel this law will embolden riders to make decisions based on the "it's legal" feeling many riders will have when riding and NOT based on whether the situation is actually safe or not.

Respectfully,  
Evan Grant
