

TO ALL,

My name is Jesse Anderson, I am a proud employee of ASHGROVE CEMENT in Durkee Or. . I believe the House Bill 2020 for carbon reduction would greatly hurt many families and businesses in eastern OREGON and western IDAHO. This company is proud to be AMERICAN and provides many with the ability to provide a stable income for their family. The passing of this bill could result in the closure of this facility and would completely wipe out the income of my family and those i support. I ask you to PLEASE do not pass this bill and to look at all options of providing a safe environment for all.

THANK YOU, JESSE ANDERSON
