

SUBCOMMITTEE RECOMMENDATION

SB 5543

2017-19 Lottery Allocation

SB 5543 modifies the allocation of Lottery Funds from the Veterans' Services Fund.

The allocation from the Veterans' Service Fund to the Department of Veterans' Affairs is increased by \$201,550 to accommodate an increase in Lottery Funds expenditure limitation approved at the December 2018 meeting of the Emergency Board.

Expenditure limitation was increased to establish the agency as the U.S. Department of Veterans Affairs State Approving Agency for veterans' education programs.

The Capital Construction Subcommittee recommends SB 5543 be amended by the –1 amendment and be reported out do pass, as amended.
