Subject: HB 5019
Date: Monday, February 25, 2019 9:57:13 PM

Co Chair Taylor and Readon, and members of the committee

I'm Clair Klock, retired farmer and conservation specialist from Corbett, OR.
I urge your support for HB 5019 to fund the listed activities outlined in this bill.

I say this for the following reasons;

1. I have attended OR Depart. of Forestry Board meeting, planning session and field trips during the last 3 years. I have found them thoughtful in their goals, planning and implantation.
2. T his funding is done in cooperation with goals of other resource agencies and partnerships to address ranching and wildlife needs in Oregon.in particular - effort to keep Sage Grouse off the Endangered Species list
3. This the type of cooperation is what we are asking of the agencies in Oregon

Thank you for your attention!
Clair Klock
