>> I am opposed to this bill it is unconstitutional and against Nuremberg law. I have 4 kids that I will pull from school and know many others that will do the same. This will have a negative effect on our schools budget. I don't care what others inject into their children. I am not infringing on their rights as parents and am simply asking for the same respect. If vaccines are so effective and the risks outweigh the benefits than those that vaccinate should have no concern. I am asking for your common sense on this matter.
