

Dear Chair Greenlick and Members of the House Health Committee:

Please vote yes on House Bill 2845 to help improve access to Midwife care for Oregon Families. I am a mother of a healthy and happy five month old baby and we are so incredibly grateful for the amazing care we received from our Midwives. Their expertise, knowledge, and skills are coupled with incredible love and dedication. Professionalism and passion greet every family under the care of midwives. And though the personal care is amazingly less expensive than OB care and hospital delivery, it is still more than some families can afford without any assistance. Please vote yes on HB 2845 to increase the equality of choice in healthcare.

Thank you for your time and consideration.
