

Hello,

My name is Christie Wilson and I am a mother of two children. I am writing to tell you that I oppose HB 3063, the bill to end all non-medical vaccine exemptions for Oregon schoolchildren.

Regardless of my personal stance on vaccinating my own children I believe that all parents should be free from government tyranny when making important medical decisions for their children.

It is not the role of government to mandate medical care through coercion (and yes, the threat of prohibiting a child's access to public education is 100% coercion). Parents deserve transparency about the risks and benefits of vaccines and they deserve the right to make their own choice regarding them.

I strongly urge you to vote NO on HB3063.

Thank you for your time.

Sincerely,  
Christie Wilson
