

Good Day

Thank you for taking the time to hear us all out. I'm hoping that some folks have been able to shed some light on this bill and expose why it is dangerous on so many levels. I won't get into all that again, but I'm writing to express my personal opposition. My two young boys can't yet express their gratitude for your efforts in defeating this bill, but one day they will. I want them to live healthy lives until that day and beyond. A bill like this will put that health and vitality on the line. That is not philosophical or religious. That is fact when you look at real research. Please be wise.

Many thanks.

Cassidy Levy
