Subject: House Bill 3068
Date: Thursday, February 28, 2019 7:35:32 PM

Dear Oregon Legislature,

I am writing to oppose House bill 3068 that require mandatory vaccinations in Oregon. This is a travesty. All individuals deserve a right to express their own views regarding vaccinations. If a person feels that there are religious or other reasons why they do not wish to be vaccinated, it is their right to do refuse vaccinations for themselves and their children. I strongly oppose this measure and urge you to do so as well.

Sincerely,

Jane Brockman
